

Steps to activate your license

Keep the following in mind:

Credentials

Check you received an email from the Gesvatec Support Team (GST) with the credentials to access the private area at <https://www.gesvatec.com>

User

The user you have to enter is the same one you use to log in to the private area at <https://www.gesvatec.com>

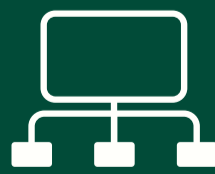

Not activated

Make sure the PKC has not been previously activated on a different PC. Each PKC can only be activated on a single PC, as the license is per device.

PKC

You can find your 25 characters product key code (PKC) in the "Licensing" menu option on the private area at <https://www.gesvatec.com>

Several PKC

If you have more than one PKC, you need to use the PKC assigned to the packing house where you want to activate the license.
